ECLIPSES FOR THE YEAR 1907.

In this year there will be four eclipses, two of the Sun and two of the Moon.

The first is a total eclipse of the Sun, January 14th, invisible in the United States; visible in Eastern Russia and the continent of Asia, ending at sunset in Japan.

The second is a partial eclipse of the Moon, January 27th, partly visible in the United States, the Moon setting eclipsed. Magnitude of the eclipse=0.71. (Moon's diameter=1.00.)

The third is an annular eclipse of the Sun, invisible in the United States; visible throughout South America and the South Atlantic Ocean.

The fourth is a partial eclipse of the Moon, July 24th, visible in the United States.

Magnitude of the eclipse=0.62. (Moon's diameter=1.00.)

There will be a transit of Mercury over the Sun's disk, November 14th, partly visible in the United States, the Sun rising with Mercury on its disk.

Time of beginning, 5 o'clock 24 minutes; middle, 7 o'clock 7 minutes; end, 8 o'clock 50 minutes.

Nearest approach of centers, 0.11 of Sun's diameter from northern limb. Ingress, 115°, egress, 19°, toward the left from the vertex of the Sun's disk.

The calculations for this almanac have been carefully made for the latitude of Philadelphia and are expressed in Eastern standard time. For places not on the standard meridian (when standard time is kept) four minutes per degree is to be added when longitude is west, or subtracted when longitude is east, of standard meridian:—this in all cases of rising, meridian passage, or setting of sun, moon or stars; in cases of eclipses, moon's phases, transits, etc., simply reduce from Eastern to required standard—Central, Mountain, or Pacific, as the case may be.—A. T. G. APPLE.

REV. E. W. MIDDLETON,

IMMIGRANTS.

ELLIS ISLAND.

REV. PAUL H. LAND, PH.D.,  
Harbor Missionary.

#### THE YEAR 1907.

**T**HIS new year which lies before us, may and should be a memorable year. The simplest and surest way to make it such, is for each person to do his duty as a follower of the Master; for the Church to carry on the work of Christ. We may not all make money. We can all be good men and women. The Church may not grow greatly in numbers, but it is far more important that it should grow in spirit, and reflect the mind and character of Jesus.

#### OUR HARBOR MISSIONS.

Last year there came to America from the different countries of Europe, about a million men and women, expecting to make this land their future home. Ellis Island, at New York, is the place where most of them landed. Sometimes as many as 15,000 are in the harbor in one day. It is an interesting sight to see men, women and children of different nationalities coming from the vessels to be examined by the United States officials. The different churches employ harbor missionaries to work among these people. Rev. Paul H. Land, Ph.D., is the missionary of the Reformed Church

at Ellis Island. It is his privilege to be of great service to the emigrants. He saves many of them from the hands of wicked persons. He comforts them in their troubles and gives them good advice. Sometimes he gives them aid and helps them to find their friends and relatives in this country. We should not forget that our fathers were once strangers and pilgrims on these shores. Let the yearly offering for Harbor Missions be a memorial.

Under the calendar pages will be found the portraits of a number of our bright, earnest and faithful Home Missionaries.

General Gordon, of Chinese fame, said: "My four principles of life are: 1. Entire self-forgetfulness; 2. The absence of pretension; 3. Refusal to accept, as a motive, the world's praise or disapproval; 4. To follow in all things, the will of God."

Every church should be a constant witness to the truth; it should add to its communion annually those whom it pleases God to save; and it should contribute to education, to missions and to the care of the poor. Is your church doing these three things?

## MISSIONS IN CANADA.

WOLSELEY, CANADA.

HARTFIELD, CANADA.

PHEASANT FORKS, CANADA.

One of the most interesting chapters in recent Home Missionary work in our Church is the planting and development of congregations among the Germans in Canada. This work was started ten years ago. Rev. Wm. Hansen was the pioneer missionary. He heard the call "Come over and help us" and, although well advanced in years, he has been laboring faithfully and successfully during all these years in gathering the people into congregations and in building churches. Soon there were other men to follow him, supported by the German Board of Missions. In connection with the celebration of the tenth anniversary of the founding of the work, the pastors in Canada prepared an illustrated pamphlet, giving a history of the work from the beginning. Here is a story of self-sacrificing and devoted labors of both ministers and laymen in such a way as to arrest attention and challenge the admiration of all friends of the cause of missions. There are at present about twenty congregations in Canada which have grown out of the movement that was started in a very small way ten years ago. Two churches became self-supporting last year. Pictures of their houses of worship are included in the group of self-supporting missions for the year 1905-1906.

One of the most important things in the work of the congregation is the payment of the apportionment for missions, for on this almost the whole work depends; and as the average apportionment is only a little over one dollar a year, it surely is within the reach of our people in every congregation. If men will be only half as free with their money here as they are elsewhere, the apportionment will be far more than paid.

Our missions are large givers. Their average for benevolence is about one dollar a member, and their average for congregational purposes is double that of the self-supporting churches. As they help themselves, one feels that they also deserve the help of the church.

## A WELL FURNISHED HOME.

No home is fully furnished for every demand unless it has coming to it regularly a religious newspaper. We cannot be intelligent Christians unless we keep abreast of the rapidly changing and wonderfully progressing missionary movements of our time, and we ought to have information as to men and methods in the religious world. Shall we be thought narrow if we insist that the first requisite is not as some people imagine, a well-edited, non-sectarian journal, but rather a thoughtful, comprehensive and interesting denominational newspaper. People should know what is going on in their own household and advance from that point to the issues that affect the community. One's denominational paper should take precedence and other literature follow. Why should we have so little denominational loyalty that we care nothing for the traditions of our own Church, for our own standards and our own work? Those who spend the small sum of money needful to keep them in touch with their own Church will, all things considered, be better Christians and care more truly for the whole field than those who neglect this means of obtaining up-to-date information.

OUR HUNGARIAN CLASSIS.

### A NEW WORK.

While we for a long time may have to depend on the Church in Hungary for our supply of ministers for our Hungarian congregations here, it is equally plain that we must now educate some young Hungarians in this country as ministers for their countrymen. The General Synod, in May, 1905, approved this and directed the Board of Home Missions to go forward in this plan. But the Board has no money for this work, unless given as a special offering; and now, for this important work, the Board asks our people to make large contributions. Where can money be more useful. An elder, some years ago, gave \$500, which did a great work; and lately another elder gave \$100, which is now doing its work.

Our Hungarian work is very promising. An Ameri-

can and Hungarian Classis has been organized as part of the Pittsburg Synod. We are now educating young Hungarians in this country for the ministry, using money given for that particular purpose. The sun never sets on the missions founded and supported by the American Churches. They circle the globe

Some of our missions have become self-supporting while yet under heavy debts on churches or parsonages, or both, and this is proof of their earnest church-life. By this they show that they were worthy of the help they had received. St. Thomas church, Reading, Pa., did so. Christ church, Norristown, Pa., did so. Christ church, Baltimore, Md., did so. Trinity church, Altoona, Pa., did so. These and others are beautiful examples of a noble spirit.

#### THE CHURCH AND HER SCHOOLS.

It is a common saying among us that our Church is an educational church. The Reformed Church is "The Church of the Word." She insists on Christian education and Christian training in the home, the catechetical class, the school and the congregation. The mind, heart and conscience of the children are educated in order that they may have a true faith, and be true members of Christ's Church. Piety and enthusiasm are the fruits of God in the hearts of His children. For the work of the Church, an educated minister is a necessity. Colleges and seminaries are means of grace. To support them is as natural to a member of the Reformed Church as to pay the pastor's salary. To have a son in the ministry is counted a great honor among Reformed people.

No man earns his support more honestly and effectually than the gospel minister. He is in no sense of the word a char-

ity; he renders more than value received for all that he gets, and yet there are very few pastors but are often embarrassed for want of money, when their embarrassment might be relieved if even their paltry salaries were kept paid up promptly.

NEW DORMITORY, NORTH JAPAN COLLEGE.

The visit of the Rev. James I. Good, D.D., President of the Board, to our missions in Japan and China, was highly appreciated by all our workers.

The graduates of our Boys' and Girls' Schools in Japan are the fruits of the gifts and prayers of the Church. By their lives and labors, in due time, they will reward our sacrifices.

There is a crisis upon us in the Church. Dr. Munger's words express the conviction of many: "The weak spot in missions to-day is not in the field, nor in the administration of the Board, nor in the pews, but in the pulpit."

The Christians in Japan are making a strong effort

to assume the control and support of their church-life and work. They deserve credit for their noble determination, but their best friends question the wisdom of it so early in their Christian experience.

The Board of Foreign Missions will need \$75,000 for its regular expenses in 1907. Only thirty cents per member.

The first Japanese congregation of eleven converts sprang out of prayer.

You can make no safer investment than by supporting a Bible woman, evangelist or beneficiary student in one of our schools in Japan or China. Write to the Secretary of the Board for information.

Our Church has ten married and six single missionaries in Japan; six married and eight single missionaries in China. Total number of foreign workers, forty-six.

To no class of workers for the uplifting of humanity is the declaration of Emerson so fitting as to the missionaries of the Cross: "Every great and commanding movement in the annals of the world is the triumph of enthusiasm."

He who works well in the Gospel must work on the world plan of the Gospel.

Sending out nine missionaries in one year is the

proud record of our Board for 1906. These workers will supply a long-felt need. Let their support be guaranteed by individual contributions.

Mission Study Classes are the latest method for the cultivation of an intelligent appreciation of our duty as Christians. Start a class in your congregation. It will pay.

Our Church has been a liberal contributor toward the Famine Relief Fund in Japan. Total offerings, \$7,045.46. Rev. W. E. Lampe was chairman of the committee.

FAITHFUL HELPERS AT CHENCHOW.  
Four Seniors are Evangelistic, others Medical Assistants.

Said a Chinese woman, after being cured in a mission hospital: "I will never believe in idols again. I will tell all the people in my village that there are none in the hospital, yet everyone is happy and sick people are made well." Let us trust that this good work of discrediting idolatry will go on until the world will be rid of idols

What a blessing that we now have two fine hospitals at Yochow and Chenchow! Drs. Beam and Kelly as physicians and Miss Whitmore as nurse, will need additional helpers to take care of the sick and suffering.

A Christian wedding in China is one of the events of the past year. Dr. Kelly was the officiating clergyman.

**ORDAINED FIFTY YEARS AND MORE AGO.**

**A GROUP OF VETERANS.**

The men whose portraits adorn this page are Reformed ministers who were ordained more than a half century ago. We are glad they are still with us. They represent the heroic period of our Church. Though they are no longer in the active service, their presence is an inspiration. May the Indian summer of their lives be long drawn out.

**THE OLDEST BENEVOLENT INSTITUTION  
IN THE REFORMED CHURCH.**

"The Relief Society" was organized in 1775, as the "Widows' Fund." During the last twenty years alone it has aided fifty-seven ministers, to the amount of \$22,611, and eighty-six widows of ministers, to the amount of \$31,917. This society last year aided twenty-four ministers and forty-five widows. It is a

splendid organization, and deserves the enthusiastic support of our people. Rev. S. S. Miller, Frederick, Md., is its treasurer.

**THE INCREASED COST OF LIVING.**

For quite a while past the cost of living has gone on increasing, until to-day a \$700 salary will scarcely go as far as a \$500 salary did ten years ago. It is simply a matter of experience that it cost just about one-third more to live and pay household expenses than it did a dozen years ago. Good times are hard times for men who have fixed salaries. They get no share of the benefits of increased prosperity, and pay more for what they buy. As a simple matter of justice, every pastor's salary should be increased.

#### MEN WITH OPPORTUNITIES.

The superintendents of our schools are a picked class of men. What a fine body they would make if they were in a general convention, and what fine opportunities they have for Christian work, as aids to the pastor, friends of little children, guides to young men and women, pillars of the Church, faithful servants of the Master. Each man whose portrait appears on this page is the help of one of the large influential Sunday-schools of the Church.

The greatest harvest field of the Church is the Sunday-school. Every officer and teacher is an assistant pastor, and scholars often prove to be missionaries in leading fathers and mothers into the Church.

In the last twelve years our Reformed Church has made a gain in church membership of some 52,000. The Sunday-school membership, during this period, has increased more than 70,000.

Our Reformed Church in the United States stands

next to the Northern Presbyterian Church, in point of Sunday-school membership, number of schools and is doing Sunday-school and missionary work.

When Dr. John Watson (Ian MacLaren) was visiting in this country, he was asked what, in his estimation, makes America great among the nations. His answer was, "Her Sunday-schools." When one reflects that 83 per cent. of the church membership comes from the Sunday-school, the noted Scotchman's reply is less surprising than gratifying.

No church in the land is better equipped, so far as music for its Sunday-schools is concerned, than our Reformed Church. Our Reformed Sunday-School Hymnal, the Primary Sunday-School Hymnal and Standard Songs are also used in schools of other denominations.

The Sunday-school teacher has a great opportunity, but the parent has a greater, of influencing the children. "An ounce of mother is worth a ton of clergy."

### THE PARSONAGE.

The present day is noted for the many fine new churches our people build. Each year the Almanac contains pictures of the beautiful houses of worship our people erect to the glory of God and for the furtherance of His kingdom. Just as noteworthy are the homes of our pastors. On this page are printed the pictures of several parsonages, built in recent years. The majority of our churches furnish a house for their ministers. The parsonage should be one of the well-known houses of every community, and it should be commodious, substantial and comfortable.

### WHAT THE PEOPLE OWE THE PASTOR.

They should give him their confidence. Toward him they should be open-hearted. Speak well of him as a man and a minister, especially to the indifferent and to those who do not belong to the church. Respond to his appeals. Take an interest in every work of the church. Help him to fill the church. Attend the church services and get others to attend. Pay your church dues regularly.

Robertson's words are very much in order these days when he says: "Experience tells us, after a trial, that those Sundays are the happiest, the purest, the most rich in blessing, in which the spiritual part has been most attended to; those in which the business letter was put aside until evening and the profane literature not opened, and the ordinary occupations entirely suspended; those in which, as in the temple of Solomon, the sound of the earthly hammer has not been heard in the temple of the soul."

### THE SUNDAY-SCHOOL BUILDING.

Our modern Sunday-school does its work systematically. It is well organized. It is graded and has several departments. It has a special literature of its own, including lesson helps, music books, pictures, records, libraries, and papers. A single room no longer meets its needs. It occupies a building in which there are separate rooms for different grades, and also separ-

ate rooms for classes. The pictures on this page represent the modern Sunday-school buildings that are now being erected by Reformed churches.

One can hardly over-estimate the importance of the influence of the Sunday-school on the minds and hearts of our boys and girls. Every member of the church should support it, by service or by money; if possible, by both.

### CHURCH BUILDING FUNDS.

Our church-building funds have such a strong hold on our people because they are a simple and safe memorial which will last for ages. No wonder that our people, in about twenty years, have given two hundred such funds, many of them more than \$500. By examination of the long list of these funds, you will see that they have been given in large part by our most substantial and experienced people for the lasting good which these imperishable memorials will do in building up the Church we love.

### THE GREATER REFORMED CHURCH.

The Reformed Church is making commendable progress, but her growth would be more rapid if all her members took an intelligent interest in her work. Too many are lacking in knowledge and failing in enthusiasm. What a mighty difference it would make if in every one of the thirty or more thousand families, into which this Almanac finds its way, each person would be well informed about all the work of the Reformed Church. "The Reformed Church Messenger" in each of these homes—and the thing would be done. If you are not a subscriber to the "Reformed Church Messenger," send your name to 1306 Arch street, Philadelphia, Pa.

### THE CATECHUMEN FUND.

Our catechumens have given two Church-building Funds, of \$500 each, and now the third fund is far on. Offerings for this fund may be taken week by week as the class meets, or it may be one large thank-offering

at confirmation. But the most important thing is not the offering, beautiful as it is, but thereby we are training up thousands of young people to have an intelligent interest in this great work. Many pastors take pleasure in doing this.

SECOND CHURCH, HARRISBURG, REV. H. N. BASSLER.

## OUR MISSION AMONG THE INDIANS.

REV. J. STUCKI.  
Missionary among the Indians, Black River Falls, Wis.

As a Church, we have a very interesting mission among the Winnebago Indians, at Black River Falls, Wisconsin. It was begun thirty years ago, and is still supported by the Sheboygan Classis. Rev. J. Hauser was the first missionary. The present missionary is Rev. J. Stucki. For at least fifteen years, the work among these people was very discouraging indeed. During the last fifteen years, through the faithful and persevering labors of our missionaries, a number of the Indians have been converted and baptized. A congregation has been established, and its membership numbers forty-six communicant and fifty unconfirmed members. Missionary Stucki has been able for the first time to reduce the language

of the Winnebagoes to writing, and has translated the four Gospels, Genesis and the Book of Acts into their tongue.

As a Church we should be thankful for what has been done in this humble mission; and we should resolve to do much more. The Indian has suffered much at the hands of the white man. We therefore owe him the Gospel of Christ. As the people are poor,

and the climate severe, boxes of clothing and bedding are welcome. These should be sent to the missionary whose portrait and address are given on this page.

The Mission Board has now two hundred Building Funds, worth \$125,000. The General Synods have a Building Fund worth \$30,000. In ten years the English churches have given, besides this, \$150,000 for church extension. The Board now holds lots, chapels and other property in its own name, which, at a low estimate, is worth \$300,000.

On August 26, 1860, he was united in marriage to Miss Matilda Korns. His marriage was blessed with two children; one, a daughter, and his widow, surviving him. ### TERMS.
